

This is Rob he is homeless and is sure that one day he will win the lottery and beat homelessness.

By Aidan Wood

He was walking to the Circle K on the way to buy his winning ticket.

Then all of the  
sudden he gets  
caught by a  
train.

Rob was caught waiting for this train for 20 minutes.

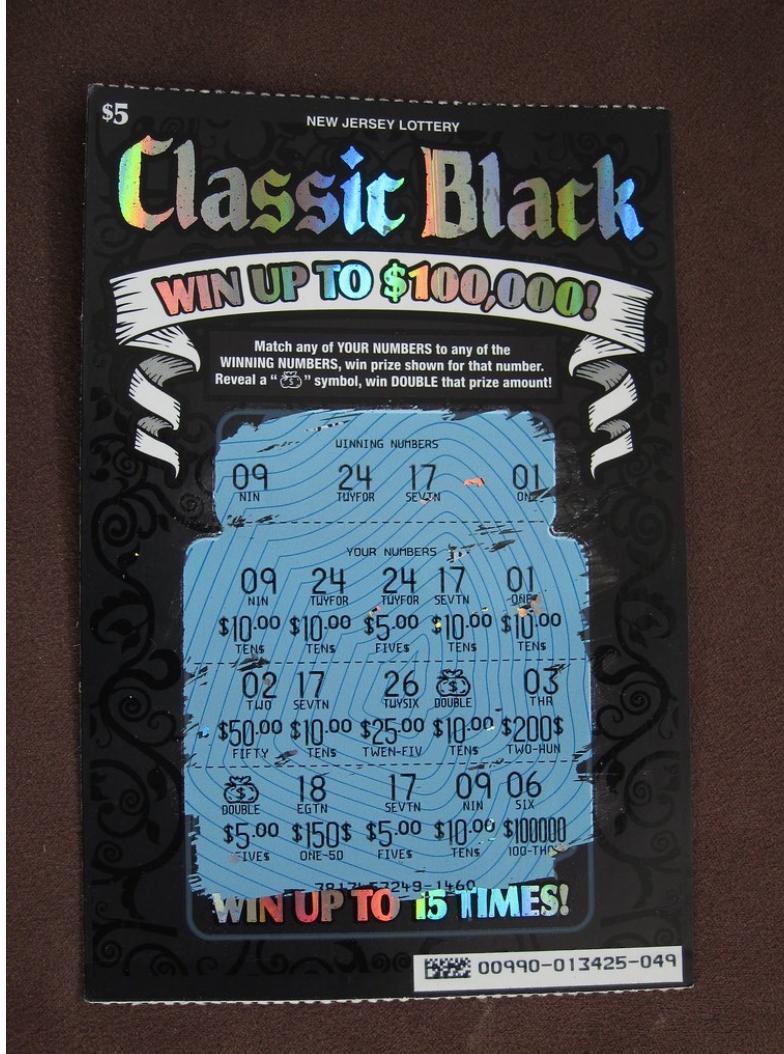

After the long train he makes it to the Circle K and the person in front of him buys the winning ticket and celebrates in front of Rob.

Rob is now depressed and it all could've been avoided if he was taking advantage of our app 'Train Crossing.' He never would've been caught by that train

The next day Rob was started using Train Crossing and beat the train. He ended up winning!

You're gonna be late because of a train??

Can you believe that, Jeff is gonna be late for our opening of  
the new restaurant.. Because of a train

Now the whole opening is ruined without the manager of the restaurant

But wait...

Jeff found an alternate route to avoid the train thanks to Train Crossings, a new and easy to use app that knows where all the trains in Columbia are and alternate routes to never be late.

Now, their new restaurant is able to have its grand opening on time!

By John Burton

Zachery likes to get up early. He also really likes getting to work on time.

By John Burton

Even though Zachery gets up early, he always gets stuck at train crossings.

By John Burton

Because Zachery is always stopped by trains, he is always late to work.  
His bosses all hate him because he is late.

By John Burton

Zachery discovers the Train Crossing App. This app tells him when and where trains are going to cross. It also tells him alternative routes around the trains.

By John Burton

Now Zachery always gets to work on time and his bosses like him.

By John Burton

Zachery gets a really big raise since he is always on time, and everyone likes him.

By: Allen Kirby

James always has a problem with sleeping in, and sometimes runs late to class.

By: Allen Kirby

He gets up and is ready in time, and flies out the door

By: Allen Kirby

With time running out before class, he gets stopped by a train on campus!

By: Allen Kirby

James remembers the new app he downloaded, the Train Crossing app, and tries to find a new way as time runs out.

By: Allen Kirby

With the help of his app, he gets re-navigated to go under the train on Whaley St!

By: Allen Kirby

James makes it to class on time since he used the Train Crossing app, and doesn't have to worry about running into trains again!

By: Allen Kirby

He shows the app to all his friends, and now none of them are ever late because of trains!
